Food Safety and Standards Authority of India (FSSAI)
(A Statutory Authority established under the Food Safety & Standards Act, 2006)
FDA Bhavan, Kotla Road, New Delhi – 110002

Date: April 20, 2026
File No: FSSAI-QA/5902/2026

Subject: Mandatory Bi-Annual Audits for E-Commerce Food Business Operators (FBOs) and their Sourcing Partners.

Background: In recent months, the FSSAI has observed discrepancies in the quality control standards maintained by third-party vendors and supply chain partners associated with large Food Aggregators and E-commerce platforms.

New Mandate: To ensure the highest standards of food safety, public health, and responsible sourcing, the FSSAI hereby issues an amendment to the Food Safety and Standards (Licensing and Registration of Food Businesses) Regulations.

Compliance Directives for Aggregators:

- a) All E-commerce Food Aggregators must immediately update their Business Partner guidelines and Responsible Sourcing agreements.
- b) It is now strictly mandated that any third-party supplier, cloud kitchen, or raw material vendor partnered with the Aggregator must undergo a mandatory independent microbiological and hygiene audit twice a year (Bi-Annually). The previous standard of an annual audit is hereby revoked.
- c) Aggregators must suspend business operations with any partner or supplier that fails to submit their bi-annual audit certificate within 15 days of the deadline.

This advisory comes into effect immediately. Non-compliance will result in the suspension of the Aggregator's central FSSAI license.

(Signed)

Director of Quality Assurance, FSSAI
